Washington, D.C. 20505

Dear [redacted]

We very much appreciated your letter concerning the presentation that our Association made to you and your committee. During the facilities tour, there were questions that were asked by your committee concerning the process that our team would take in providing services for this project. We believe that we have answered these questions for you. However, if additional information or material is required concerning any points related to our presentation, we will of course see that it gets back to you.

Again, we appreciate being able to make the presentation. We felt that this was handled by you in a most professional way; and we hope that we will have the opportunity of working with you in the future.

Sincerely,

[redacted]  
for the Association

WFV:hdm

cc: [redacted] Secretary of the Committee
